

Gold Card – Supervisor – General & VRS

The Supervisor card is for a contract supervisor who is responsible for the overall supervision of the General Fencing, (including Environmental Noise Barriers) and/or VRS installation and not the definitive Installation (i.e. not installer or nominated person). The supervisor could be responsible for several contracts and is not necessarily always on site.

Important Note 1: The Gold Card does not permit installation activities (including appointment as a nominated person) unless the requirements for the Blue skills card are also met and maintained.

Important Note 2: The Gold Card does not permit managerial activities

Important Note 3: Where appropriate applicants who also meet the Blue FISS/CSCS skills card requirements can have these added to their Gold Supervisor's card so you only carry **ONE** Card

Successfully complete the Lantra Awards Level 3 Diploma in Work-based Fencing (QCF) 600/6640/4
